Graduate level courses
(6000+ level)

Please refer to the list of courses attached to this document when planning your HPU schedule. Once you have made a selection, use our [Course Search](#) page to pick out the dates and times you prefer. When reviewing the given list, click on the course code in the left column to find out more about a class that interests you. If you need to take a course that is not on this list, please contact visiting@hpu.edu.

Our introductory courses start at level 1000. Course difficulty increases with higher codes. If you do not have a background in the field, please consider taking lower level courses. Undergraduate students cannot enroll in graduate courses and vice versa- students cannot mix levels.

IMPORTANT NOTE:

Visiting students *cannot* take courses on a military base—instead, students may take courses at the Downtown and Hawaii Loa campuses. If you plan to receive government funding or your home university has specific course requirements, it is your responsibility to make sure the courses you select at HPU will be approved.

Actual availability of courses may change. Since there are sometimes several schedule options for one course, you must make sure your course schedule fulfills any relevant requirements.
